The World's Number 1 Interactive Language Learning Platform for Schools
**Linguascope in a Nutshell**

- Deliver an outstanding language curriculum with an award-winning platform
- Thousands of purposeful, engaging activities that inspire and motivate learners
- 13 languages & all levels included as standard - no complicated options to choose from
- High-quality printable resources and tools to make lesson planning easy
- Trusted and used daily by thousands of schools worldwide
Thousands of Interactive Activities

Our language games and activities, organised in over 140 topic areas, are developed to match curriculum requirements. Each topic area is composed of a series of activities and accompanied by a printable worksheet for extension or consolidation work.

Perfect for Differentiation

‘Hands-on’ Learning

Students have access to a range of creative tools (e.g. Comic Strip Creator)
A Flexible Teaching and Learning Tool

Perfect for:

interative whiteboards

computers

tables

Use for:
- introducing vocabulary
- reinforcing learning
- plenaries
- homework
- after-school clubs

Teachers may use the online resources with the class as a whole through the interactive whiteboard, for group work, or as an individual learning tool on tablets or computers. All staff and students can log in both from school as well as from home.
With constantly updated content, you can be sure to find resources to make learning more relevant and engaging. Alongside the core topics, you will also find material related to seasonal themes or special occasions (e.g. Christmas, football, or the Olympics).

One of the most recently added sections is the Conjugation Station*. Students can learn and practice conjugation patterns in an engaging yet effective way.

A Comprehensive and Great Value Package

All subscribing schools have access to all languages and all levels** as standard. This allows us to offer an affordable package to all schools, regardless of the number of languages they teach, and it enables individual students to study a language that is not taught at school independently.

The interactive activities are divided into three sections: Elementary for ages 6 to 12 (A1 level), Beginner for ages 9 to 14 (A2 level), and Intermediate for ages 13 to 16 (B1 level).

* The Conjugation Station currently only includes French, Spanish, German, Italian and English.
** Note that Russian, Portuguese, Arabic, Mandarin Chinese, Polish, Welsh, Scottish Gaelic, and Moir are currently only covered in the Beginner section.
Time-Saving Content for Teachers

High-quality printable worksheets

to be used for extension or consolidation work at the end of the lesson or for homework.

Interactive Activity Builder

Create and export your own activities for your interactive whiteboard, website or school network.

Resource Sharing Area

with thousands of worksheets, PowerPoint presentations, flashcards shared by our community of amazing teachers.

Image Bank

Thousands of professional illustrations to help you create your own worksheets and resources.

Whiteboard Widgets

for use on the interactive whiteboard (includes a timer, dice, a scoreboard, spinning wheels, a bingo game...)
